

INVENTORY OF AUDIOVISUAL MATERIALS

Addendum to
The Public and Personal Papers
of
Ernest W. McFarland

Arizona State Library, Archives and Public Records

INTRODUCTION TO AUDIOVISUAL INVENTORY

Subgroup VII, Audiovisual, 1894-1984, is arranged according to record type in eight series: (1) Still Photographs, 1894-1984; (2) Souvenir Postcards, 1915-1975; (3) Photograph and Memento Albums, 1914-1958; (4) Films, 1954-1980; (5) Videotape, 1964; (6) Audiotape, 1951-1952; (7) Electrical Transcriptions, 1940-1960; and (8) Maps, Posters, and Works of Art, 1920-1971. For a brief description of each of these series, refer to the McFarland Collection guide, "The Public and Personal Papers of Ernest McFarland," pages 77-85. For a listing of boxes and folders in Subgroup VII, see pages 165-168.

This addendum to the McFarland Collection guide is a detailed inventory of the photographs, negatives, slides, films, audiotape, electrical transcriptions, maps, posters, and miscellany in Subgroup VII, Audiovisual. The material is arranged chronologically wherever possible. However, the photographs have been retained in groups according to their source and/or subject (Keziah McFarland; Clare Collins McFarland; Edna Eveland Smith McFarland; McFarland's Senate, Governor, and Supreme Court offices; travels; or prior arrangements of photos), which takes precedence over an overall chronological system.

Photographs have been identified as to subject and date where possible. Consult the back of the photo for additional identification if large groups are depicted, and for notations as to whether a duplicate and/or negative is available. Photographs originally found in Subgroups I-VI have been removed from those folders, replaced with a photocopy, and moved to this Audiovisual Subgroup. The original location, which will often provide detailed information about a photograph, is listed by Subgroup/ Series/Subseries/Folder numbers. Thus, 111/3/1/1 translates into Subgroup III (Arizona Supreme Court), Series 3 (CourtRelated Business), Subseries 1 (Law Clerk Files), Folder 1 (Arizona Law Clerk Applications, A-).

The McFarland Collection is protected by copyright law. Consult Arizona State Archives for permission to publish. The staff will assist in providing copy negatives and prints, as well as the special equipment necessary to utilize the audiovisual materials.

Many of the photographs and negatives are unidentified. The Arizona State Archives staff welcomes any information a researcher can provide which would assist in identifying and dating the material.

SUBGROUP VII: AUDIO-VISUAL
Series One: Still Photographs, 1894-1984
Subseries P/1: Senate Photographs, 1940-1953 and 1958
